

Matthew Goncalves Da Silva

Web & App Developer

PROFILE

A highly motivated and passionate developer with experience in web and mobile app development. Since 2017, I've honed my skills in various technologies, both through internships and personal projects. My background includes two years of university studies in Data Science and AI, giving me a strong foundation in problem-solving and analytical thinking.

Currently, I'm focused on enhancing my web development expertise through a Level 5 Web App Development course. I have a natural curiosity, a love for building and designing creative solutions, and the adaptability to thrive in dynamic environments. I'm seeking a web developer role where I can contribute to and grow with a collaborative team, bringing my unique blend of technical skills and artistic passion to impactful projects.
